Dear Mr. Brown:

The U.S. Environmental Protection Agency (EPA) has reviewed Atlantic Richfield's (ARC) Interim 2015-2016 Upper Tributary Report Leviathan Mine Site, Alpine County, California; dated November 2, 2016. This work was submitted to EPA pursuant to Administrative Order for Remedial Investigation and Feasibility Study, Leviathan Mine, Alpine County, California (CERCLA Docket No. 2008-18, June 23, 2008).

Please see our comments attached.

Within 30 days, or by July 13, 2017 ARC should provide a response that it concurs with these comments and will incorporate them as requested. Should ARC find that they disagree, do not concur, or will not incorporate EPA comments, then this should be discussed with EPA immediately to ensure that the Site RIFS submittal is satisfactory.
